Barcelona, Spain

Physics and Mathematics student at the University of Barcelona, currently in the third year of study. I am highly interested in...

## EDUCATION

---

<i>Present</i> Sep 2020	Bachelor's Degree in <b>Physics</b> + Bachelor's Degree in <b>Mathematics</b> <i>University of Barcelona, UB</i>
----------------------------	--

Jun 2020 Sep 2018	<b>Technological Baccalaureate</b> <i>Mireia Centre d'Estudis</i> <ul style="list-style-type: none"><li>- 1<sup>st</sup>-ranked student of the class.</li><li>- GPA: 4.0/4.0</li></ul>
----------------------	---

## EXPERIENCE

---

Sep 2023 Jul 2023	<b>Summer Research Intern</b> <i>Mathematics Research Center, CRM</i> <ul style="list-style-type: none"><li>- Something cool I guess.</li><li>- Under the supervision of Núria Fagella and Xavier Jarque...</li></ul>
----------------------	--

Oct 2019 Jan 2019	<b>Crazy about Physics Programme</b> <i>Catalunya La Pedrera Foundation</i> <ul style="list-style-type: none"><li>- Course aimed at first year A-Level students, with special talent and interest in physics, as an introduction to physics research.</li><li>- Worked on the LHC's ATLAS detector, accelerator beam physics, observational cosmology, and quantum computing, among others.</li></ul>
----------------------	--

## ADDITIONAL COURSES

---

<i>Present</i> Mar 2023	<b>CS50's Introduction to Computer Science</b> , HarvardX <i>C, Algorithms, Memory, Data Structures, Python, SQL, Flask</i> <ul style="list-style-type: none"><li>- Learning by practicing.</li><li>- Certificate of completion <a href="#">↗</a></li></ul>
----------------------------	--

Jul 2023 Apr 2023	<b>Python for Data Science and Machine Learning</b> , Udemy <i>NumPy, Pandas, Matplotlib, Plotly, Seaborn, SciKit-Learn, TensorFlow</i> <ul style="list-style-type: none"><li>- Implemented various machine learning algorithms, including k-means clustering, linear and logistic regression, random forest and decision trees, support vector machines, and neural networks.</li><li>- Certificate of completion <a href="#">↗</a></li></ul>
----------------------	---

Jan 2023	<b>Machine Learning with Python</b> , Coursera <i>Regression, Evaluation Metrics, KNN, Decision Trees, SVM, k-means</i> <ul style="list-style-type: none"><li>- Learned the fundamentals of machine learning and studied different algorithms, such as linear and logistic regression, support vector machines, k-nearest neighbors, and decision trees.</li><li>- Certificate of completion <a href="#">↗</a></li></ul>
----------	---

Dec 2022 Jun 2022	<b>100 Days of Code: The Complete Phyton Pro Bootcamp</b> , Udemy <i>Data Science, Automation, Game and Web Development, GUI Creation</i> - Developed proficiency in Python programming language through building 100 unique projects over 100 days, including automation scripts, web and app development, data science and machine learning models. - Certificate of completion <a href="#">↗</a>
----------------------	--

## VOLUNTEERING AND ACTIVITIES

- **Science Fellows:** initiative of the Catalunya la Pedrera Foundation to develop science communication activities such as expositions in museums and talks in high schools.
- **Problem Solving:** via books and online resources, solving problems is an activity that I perform, enjoy, and continue to learn on a daily basis.
